

Widget2D

Widget2D

ButtonWidget

```
graph BT; ButtonWidget --> Widget2D_L[Widget2D]; ButtonWidget --> Widget2D_R[Widget2D];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'ButtonWidget'. Two lines extend upwards from the top of this box, branching out to point at two separate boxes labeled 'Widget2D' positioned above and to the left and right of the 'ButtonWidget' box. This indicates that 'ButtonWidget' inherits from both 'Widget2D' classes.
